GET STARTED

Claim it in 3 steps

1. **Find your coffee shop**

   It’s probably already listed in the app.

2. **Open its page, tap “Claim this shop”.**

   Scroll to the bottom of your listing.

3. **Fill out the form and we’ll approve it.**

   Then you can manage your info, photos, opening hours and loyalty program.

WHAT IS

BeanPassport?

A discovery app for specialty coffee in Romania. People find shops, check in, and collect stamps and badges in a digital passport.

WHAT YOU GET

Free visibility
You appear on the map and in search for everyone looking for specialty coffee nearby.

A page you control
Manage your photos, opening hours, features (Wi-Fi, vegan, manual brew options) and description - always accurate and on-brand.

Discovery that converts
Check-ins, reviews and missions turn browsing into real visits and bring people back.

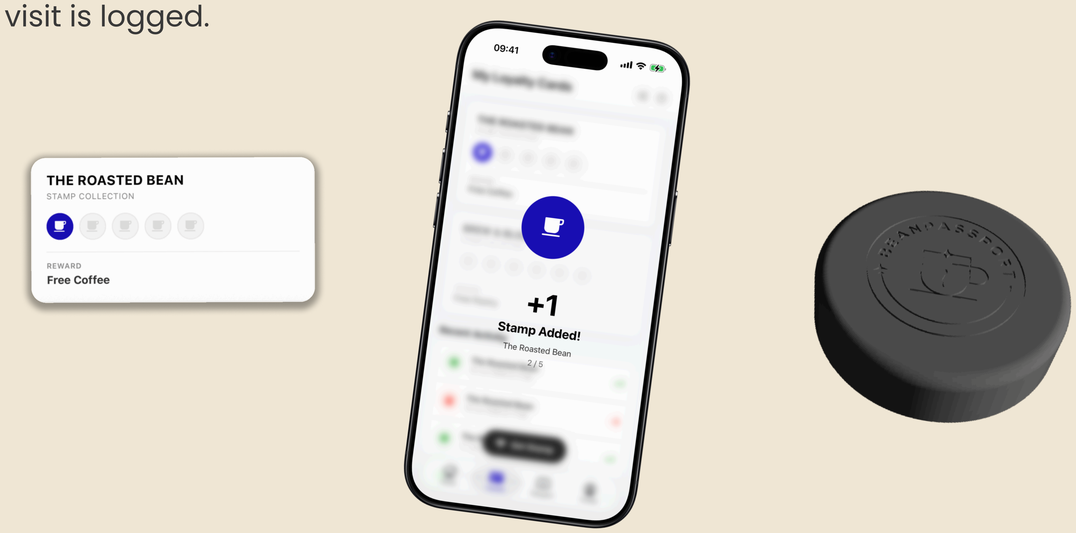

Your own stamp
Design the stamp people collect on check-in - your logo, your colours - in every passport.

FREE TO CLAIM · BEANPASSPORT.RO

DIGITAL LOYALTY

One tap. One stamp.

Swap the paper loyalty card for a modern NFC puck on your counter. Customers collect stamps with a tap, regulars keep coming back and every visit is logged.

1 You set it up
We send you an NFC puck for the counter. You choose how many stamps unlock a reward, and what the reward is.

2 Customers tap to collect
Customers tap their phone on the puck and get a stamp. **Nothing extra for the barista to do.**

3 They tap again to redeem
When the card is full they tap once more. You hand over the reward - the app marks the card used so it can't be repeated.

You set & honour the reward - we run the platform.
Annual subscription per location.
